Personal Accident Cover

Personal Injury Cover is provided to the registered players and volunteers of a tennis body who are appropriately registered with Tennis Victoria. Under the new affiliation model there is no additional cost to register players.

In the event of a claim being made, Tennis Victoria is required to confirm to the insurer that the player was eligible for coverage at the time of injury, and such confirmation will only occur automatically when the date of registration with Tennis Victoria is prior to the date of injury. Please note that technically the coverage is in place from the point in time that your tennis body and the player make the agreement that they will be registered, but if TV registration does not occur prior to any injury occurring we may require additional verification (e.g. a statutory declaration, evidence of the transaction etc) prior to approving eligibility for coverage.

Tennis Victoria does not hold an Australian financial services licence and each person should consider obtaining his or her own advice as to the suitability of the insurance offered. Marsh Advantage Insurance Pty Ltd (ABN 31 081 358 303 AFS Licence No. 238369) arrange this insurance and is not the insurer. The following types of Personal Accident Cover are provided:

Non-Medicare Medical Benefits

This cover reimburses expenses that are not standard Medicare items (80% reimbursement up to a maximum of \$3,000, with a \$50 excess, per the terms and conditions of the policy) and incurred within 12 calendar months of the injury occurring, and are paid by the player for treatment certified necessary by a legally qualified medical physician. This cover includes the cost of medical supplies and ambulance hire as per terms and conditions of the policy.

The Health Insurance Act (Cth) 1973 does not permit the trustee or insurer to contribute to any charges covered by Medicare (including the Medicare Gap).

This means that any charges for treatment from a doctor, surgeon, anaesthetist or surgeon's assistant are not covered. It also means charges for x-ray, some MRI scans (if Medicare registered) and public hospitals are not covered. In addition, there will be no refund in respect of:

1. Any expense recoverable from any other insurance scheme or plan providing medical or similar coverage, or from any other source except for the excess of the amount recoverable from such other policies/plans;
2. Any expense to which the National Health Act (Cth) 1953 or any of the regulations made there under apply.
